Daniel Okafor | Senior Product Manager

London · daniel.okafor@example.com · +44 7700 900452 · linkedin.com/in/dokafor-pm
Product manager with 9 years in fintech and B2B SaaS. I run discovery with customers, turn it into clear bets, and ship with small cross-functional teams. Strongest in pricing, onboarding and payments, with a habit of writing things down so decisions survive reorganisations.

Experience

Senior Product Manager · Lumenfold Ltd · London — Mar 2021 – Present
Own the onboarding and billing product for a 40-person engineering org. Relaunched self-serve onboarding, lifting trial-to-paid conversion from 9% to 14%; introduced usage-based pricing that grew net revenue retention to 118%; manage a shared roadmap across 3 squads and report quarterly to the executive team.

Product Manager · Copperline Payments · London — Aug 2018 – Feb 2021
Launched instant payouts for 12,000 merchants, processing $3.4M in the first quarter. Cut chargeback disputes by 22% with a redesigned dispute flow, validated with Figma prototypes and weekly usability tests. Partnered with risk and compliance on FCA reporting requirements.

Business Analyst · Harlow & Pike Consulting · London — Sep 2015 – Jul 2018
Mapped payment processes for retail banking clients and wrote requirements for two core-banking migrations; ran workshops with up to 30 stakeholders.

Education

BSc Economics · University of Bristol — 2012 – 2015

Additional

Skills: Product discovery, A/B testing, SQL, Amplitude, Jira, Figma, Pricing strategy, Stakeholder management
Languages: English (native) · Yoruba (conversational)
