About

Product designer with 8 years of experience shaping consumer finance and health apps. I lead projects from research to shipped UI, build design systems that scale, and partner closely with engineers to get the details right.

Experience

Senior Product Designer — Fernway Bank
January 2020 – Present

Austin, TX

- Redesigned mobile onboarding, raising account-opening completion from 41% to 63%.
- Built and maintain the Fernway design system in Figma (300+ components) used by 9 product teams.
- Ran 40+ moderated usability sessions per year and set up a shared research repository.

Product Designer — Pulsepoint Health
September 2016 – December 2019

Remote

- Designed the appointment-booking flow for 1.5M patients across 200 clinics.
- Partnered with engineers to ship an accessible component library meeting WCAG 2.1 AA.
- Introduced design critiques and a weekly handoff checklist for a team of 4 designers.

Education

BFA Graphic Design — Rhode Island School of Design
2012 – 2016

Awards

Gold, Digital Product Design — Northfield Design Awards
2022

For the Fernway mobile onboarding redesign.

Designer of the Year — Fernway Bank
2021

Interests: Letterpress printing, trail running, urban sketching
